- Basic knowledge of AWS.

Employment History

- Cognizant Technology Solutions, Associate, March 2021 – Till date

Technical Skills

Languages	: Java 8 and SQL
Java Framework	: Spring Framework, Spring Boot
Build Tool	: Maven, Jenkins
IDE	: Eclipse, IntelliJ
Database	: MySQL, Oracle
Markup Languages	: HTML 5, CSS3 and Bootstrap
RPA Tools	: Automation Anywhere

Project Profile

Project#1

Company: Cognizant

Client: JPMorgan

Project: Global Instrument Masters - MDM

Summary: It is a HTTP based domain driven microservices using the stacks of Spring Boot and Java. It consumes data from multiple Data Vendors like BBG, LSE etc. Translate them, merge them to prepare a golden/master copy based on vendor hierarchy/attribute trust, master it in database and distribute it to consumers.

Responsibilities:

- Requirement analysis of project requirement.
- Follow Agile Methodology
- Coding, Unit Testing, Regression Testing, PPD testing, Deployment to Prod Env.
- Written SQL queries, Triggers.
- Modifying the existing design and developing new modules, to provide the functionality required by client.

Tech Stack: Idea, My SQL, Java 8, SpringBoot, Maven, Spring MVC, Oracle, Fitnesse, Jira, Agile

Project#2

Company: Cognizant

Project: Tweet-App

Summary: The purpose of this project is to create API such as login, tweet etc. Also worked on Angular then deployed it to cloud (AWS). It's basically an internal project for doing hands on and learning. By successfully doing panel presentation, got promoted.

Responsibilities:

- Requirement analysis of project requirement
- Created the Spring Controller and Spring restful services.
- Written Junit test cases.
- For Database used MongoDB
- Deployed in AWS Frontend and Backend

Tech Stack: Eclipse, Java, Spring MVC, Maven, Junit, CSS, Bootstrap, HTML

Achievements

- Acknowledged and recognized by management and client for consecutive project delivery over the past 2 years.

ACADEMIA

- BTech from Lovely Professional University, Punjab in the year 2021 with 72%
- 12th St. R. C. Convent School, CBSE Board, in the year 2016 with 75%
- 10th St. R. C. Convent School in the year 2014 with 77.9%

Personal Details

Date of Birth: 7th July 1999
